Monitoring Implementation of the MISP: A Check List

Identify an organization(s) and individual(s) to facilitate the MISP

- Overall RH Coordinator in place and functioning under the health coordination team
- RH focal points in camps and implementing agencies in place
- Material for implementation of the MISP available and used
- Basic demographic and health data collected:
 - Total population
 - Number of women of reproductive age (ages 15 to 49, estimated at 25% of population)
 - Number of sexually active men (estimated at 20% of population)
 - Crude birth rate (estimated at 4% of the population)
 - Age-specific mortality rate (including neonatal deaths 0 to 28 days)
 - Sex-specific mortality rate

Notes:

- Prevent and manage the consequences of sexual violence
 - Coordinated multi-sectoral systems to prevent sexual violence in place
 - Confidential health services to manage cases of sexual violence in place
 - Staff trained (retrained) in sexual violence prevention and response

Notes:

Prevent HIV transmission

- Sufficient materials in place for adequate practice of universal precautions
- Condoms procured and made available
- Health workers knowledgeable on and practice universal precautions

Notes:

- Prevent excess maternal and neonatal mortality and morbidity
 - Clean delivery kits available and distributed
 - Calculate the number of clean delivery packages needed to cover for births for 3 months (estimated population x .04 x .25)
 - Midwife kits available at the health center
 - Referral hospital assessed and supported for adequate number of qualified staff, equipment and supplies
 - Referral system for obstetric emergencies functioning 24 hours a day, 7 days a week

Notes:

- Plan for provision of comprehensive RH services
 - Basic information collected (mortality, HIV prevalence, contraceptive prevalence, etc.)
 - Sites identified for future delivery of comprehensive RH services

Notes:

- Plan for provision of comprehensive RH services
 - Basic background information collected
 - Sites identified for future delivery of comprehensive RH services
 - Staff assessed, training protocols identified
 - Procurement channels identified and monthly drug consumption assessed

Notes:

Follow-up Actions
